

Zill quality silo film agrifol® DLG

Distinguished durability

DLG confirms extraordinary UV-resistance as well as excellent tensile strength and tear resistance even after extreme UV tests!

Only Zill silo films have received this seal so far!

First-class feed with the safety of tested Zill quality silage films. Quality that pays off.

GETTING THE BEST

zillnet.de/en

- ✓ **DLG-quality-seal** – proven durability over many years
- ✓ **additional award** – best tensile strength and tear resistance even after extreme weathering testing by the DLG
- ✓ **Maximum reflection of sunlight** – optimal protection of the silage against heat radiation!
- ✓ **15 months UV-stable**
