POLY

A quality product by 

PolyStretch® Agricultural stretch film

Robustly packed – reliably preserved

- ✓ **Square bales? No problem!** Thanks to its high tear resistance and stretch retention, the film stays secure and maintains its shape, even with large bale volumes.
- ✓ **Premium quality by design:** Made from top-grade raw materials for consistent wrapping, strong cling, and a reliable seal.
- ✓ **Tough and dependable—under pressure:** Its robust 5-layer structure makes this film the perfect choice for demanding applications, especially with square bales.
- ✓ **Efficient in use – powerful in performance:** Delivers optimal wrapping results with minimal material consumption. Saves time, effort, and resources – just what professionals expect.
- ✓ **Reliable protection you can count on:** UV-stable for up to 12 months ensuring long-lasting feed quality.

Green / 25 µm
0.50 m x 1,800 m / 36 rolls/pallet
0.75 m x 1,500 m / 40 rolls/pallet
