

The clever fixation for silo bags

Sloped surfaces? No problem!

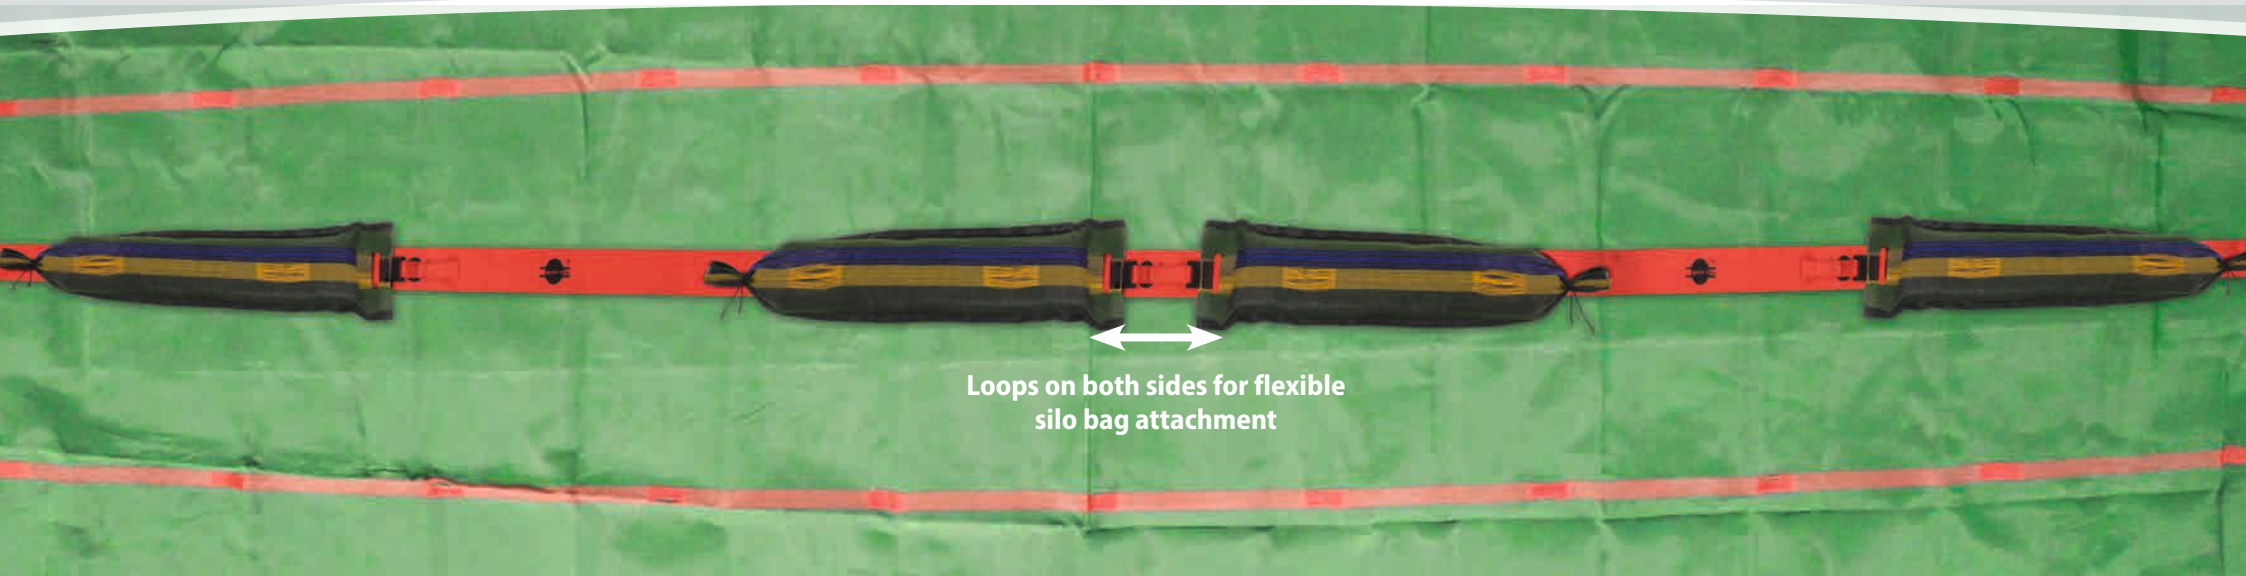

Say goodbye to silo bags slipping on sloping surfaces – Our durable „quick'n fix“ strap system with double-sided loops provides a simple, reliable way to secure silo bags to the silage protection covers. The robust cross barrier and seal ensure everything stays in place – even at the silo cut.

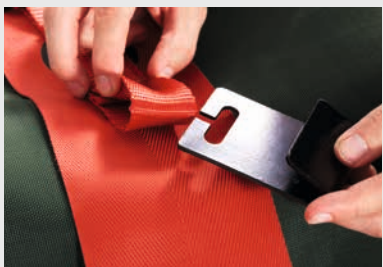

Can be extended as desired with sturdy connecting hooks

Black hooks for flexible attachment and removal of the bags on both sides

Loops on both sides for flexible silo bag attachment

**Loops on
both sides** for
flexible silo bag
attachment

Can be **extended
as required** with
sturdy connecting
hooks
