

The aquadrip® Tree watering bag

Fast. Precise. Deep to the roots.

**Extremely
durable PVC
material**

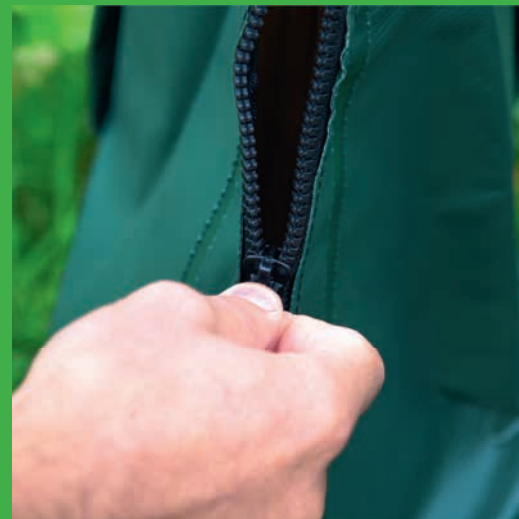

**Comfortable
carry loops for
easy handling**

**Effective
irrigation for
up to 9 hours
on a single
fill!**

The aquadrip® Tree watering bag

Fast. Precise. Deep to the roots.

With the **aquadrip®** tree watering bag, you can irrigate young trees **far more efficiently** during dry periods. A single fill delivers water evenly for **up to 9 hours** – eliminating the need for constant rewatering. Water is released **directly into the root**

zone, exactly where it's needed, instead of evaporating at the surface or running off. **A sturdy zipper and integrated loops** make handling easy, while the **UV- and weather-resistant PVC** is extremely durable and designed for repeated use.

Long-lasting
irrigation

Reduced time
and effort

Effective root irrigation

Easy
installation

Water savings of
up to 70%

Dimensions: 90 x 95 cm

Capacity: 77 Liter

Packaging units:
30 pcs/carton
18 cartons/pallet
